Workforce Disability Equality Standard (WDES) – Action Plan 2022/2023

Introduction

Bradford Teaching Hospitals NHS Foundation Trust is committed to meeting the requirements of the Workforce Disability Equality Standard for NHS Trusts and this is our fourth publication against this standard.

The Trust submitted its workforce data against the standard, to the national WDES team, on 30th August 2022, as per our contractual requirements. **You can review our 2022 WDES data and analysis [here](#).**

Having considered the 2021/2022 data, alongside data from last year; there has been some improvement for disabled staff on three of the ten metrics, which are; the three metrics relating to “harassment & bullying” (4a, b & c), “belief that the Trust provides equal opportunity in career progression & promotion” (Metric 5) and a reduction in “feeling pressure to attend work when feeling unwell” (Metric 6). Despite these improvements we know that *some* of these metrics still require further development.

This action plan has been developed to reflect targeted focus for *all* the metrics that require improvement, with the aim of bringing about positive change across the Trust in terms of disability equality. In developing this action plan, consideration has also been made to the Equality, Diversity & Inclusion activity taking place at both regional and place level and the BTHFT [Corporate Strategy](#), which was launched in 2022. It also aims to reflect the objectives outlined in the [National NHS People Plan 2020/21](#) and the [People Promise](#) which places significant focus and attention to the wider system diversity and the inclusion agenda. The NHS People Plan, which was launched in July 2020, focuses on how we must all continue to look after each other and foster a culture of inclusion and belonging, as well as action to grow our workforce, train our people, and work together differently to deliver patient care.

The Trust’s Disability Equality Staff Network (Enable) has been involved in the development of this action plan which this year has been grouped into [three key themes](#) to reflect those **WDES Metrics** where the data is telling us we need to focus our action.

Monitoring and Evaluation

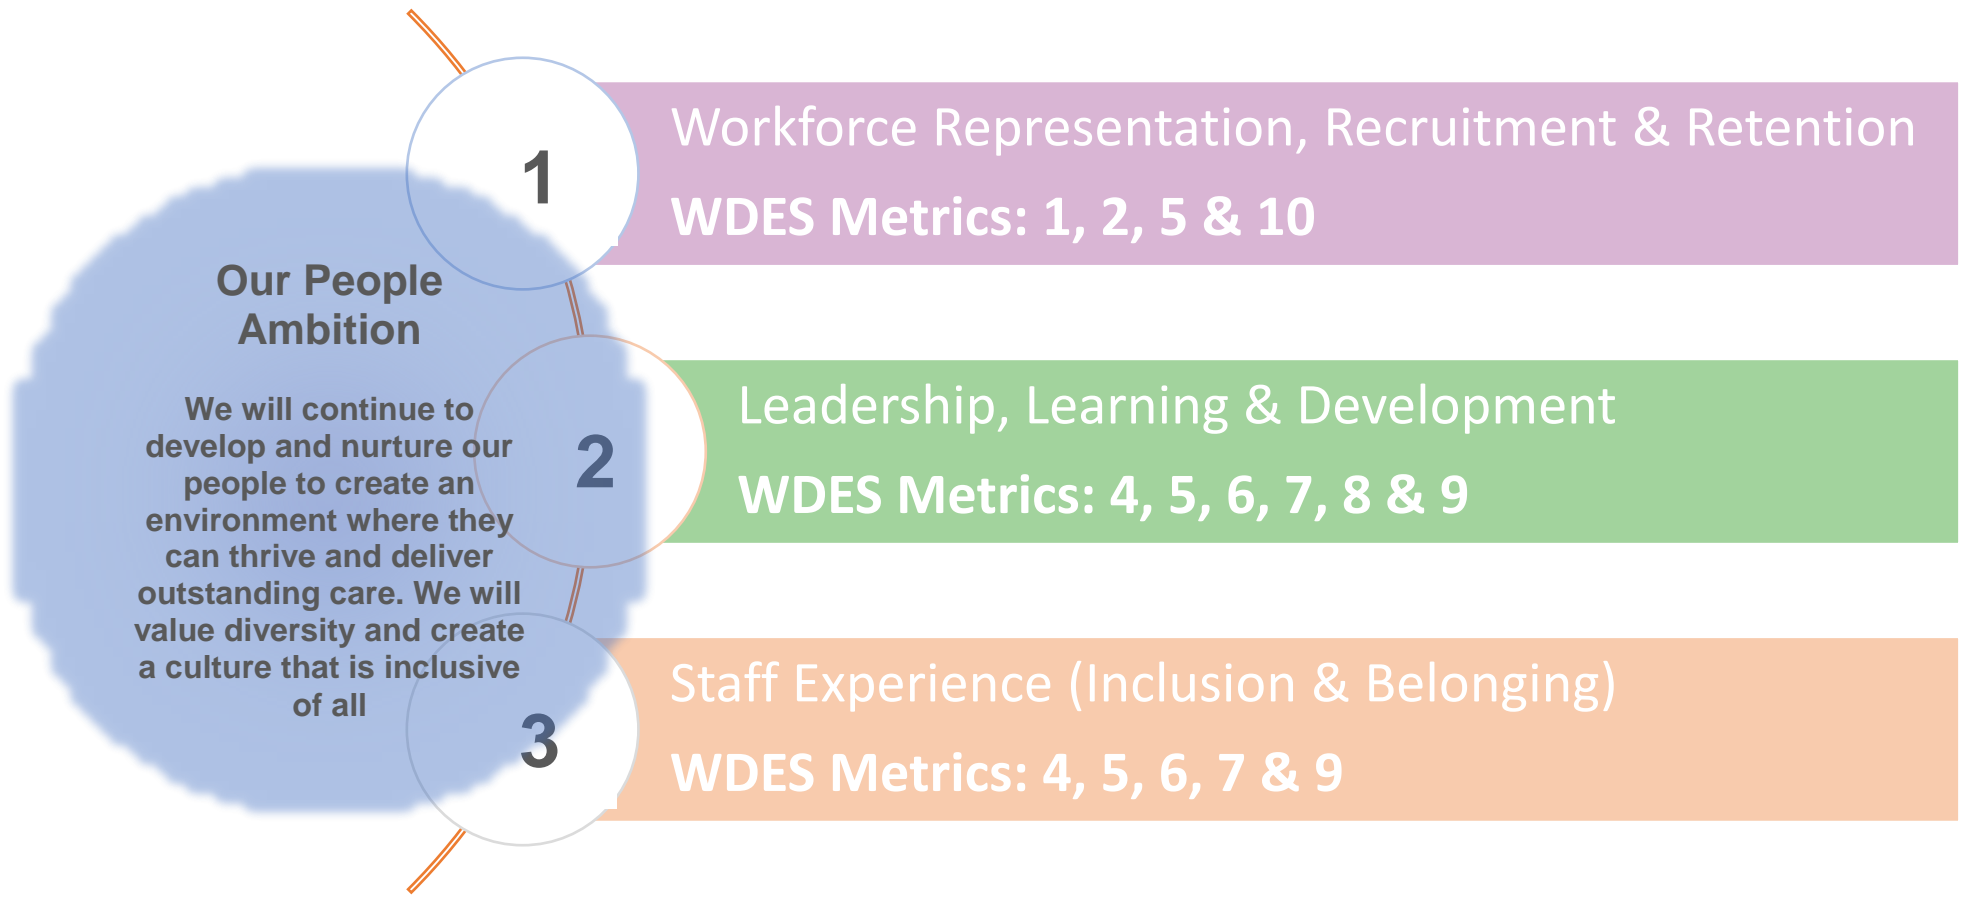

The Trust's Disability Equality Staff Network (Enable) will adopt this action plan as a basis for their work programme and will play a key role in monitoring and influencing the actions going forward. The Chair of the network will work closely with the Head of Equality, Diversity and Inclusion, and will attend the Trust Equality and Diversity Council where regular updates on the action plan will be provided. Key updates will also be provided to the Trust People Academy and assurance provided to the Trust Board on an annual basis.

Workforce Disability Equality Standard (WDES): The 10 Metrics

Metric 1	Percentage of disabled staff in each of the Agenda for Change bands 1-9, medical & dental subgroups and very senior managers (VSM), including executive board members compared with the percentage of staff in the overall workforce.
