

Improving our quality of care: 2022/23

Bradford Teaching Hospitals
NHS Foundation Trust

Progressing our priorities in 2022/23

Priority 1: Improving the management of deteriorating patients: **Piloting the Hospital At Night initiative**

Priority 2: Improving patient experience: **Launch of the Embedding Kindness programme**

Priority 3: Priority 3: Continued reduction in stillbirths: **4.8 per 1000 births - compared to 5.6 in 2020**

Priority 4: Advancing equality, diversity and inclusion: **Development of a three-year EDI strategy and greater focus on gender equality**

New priorities for 2023/2024

Continuing to integrate new practices to **improve** the management of deteriorating patients

Implementing Saving Babies Lives Care Bundle, Version 3

Improving patient experience by continuing to enhance equality, diversity and inclusion

Implementation of the Patient Safety Response Framework including transition from the National Reporting and Learning System to the new Learning from Patient Safety Events platform

Children & Young People CQC survey actions
