

Keeping your Information safe

We keep records about you and your health to help us
treat you.

Information includes:

- Name, Age, where you live and other general information.

Special Category (Sensitive) information such as:

- Medical History
- Current treatment
- And other important things about you to help us

We use your personal information to carry out our task as a healthcare provider (GDPR Article 6 - (e)) and to provide you with healthcare (GDPR - Article 9(h)).

Sharing information

We sometimes need to share your information.

Such as to another doctor like a GP. Who will also keep it safe.

This is done securely and we usually tell you.
